# IGNITING WISDOM. LEADING LIGHT.

Education is the pathway to liberation, empowerment and transformation at the level of the individual as well as the society. Igniting this change through the right education for your child is a necessary step in the right direction. You can ensure that your child reaches the pinnacle and realizes the potential within. Remember, a journey of a thousand miles begins with the first step. You can take it now and make it count.

Recognize the champion in your child. Trust us; you would be setting off on one of the most rewarding journeys of YOUR life!

## VISION

The school has a vision of a future which will be guided by the wisdom of the seers, leading India to glory and creation of a new world where relationships are governed by the spirit of universal fraternity. Empowering each child with the power of thinking, learning and doing, which would enlighten the conscious of many more and help the country to further greatness.

## MISSION

The mission of the school is to prepare children who have courage and heroism to demand from themselves tireless labour and inner discipline, directed towards self-control and selfmastery.

This school is engaged in providing facilities and opportunities to students to develop strong and healthy bodies, clear and wide minds, resolute will power and ever-widening horizons of knowledge and wisdom.

The school is dedicated to serve the highest interests of nation building that can ensure vast synthesis of knowledge and harmonious perfection of the individual and the collectivity.

A dancer, doctor, astronaut, engineer, sailor, entrepreneur, painter, zoologist or maybe the Prime Minister of the country - what is your child's dream ?

Every little mind has a dream. And every little dream must find the freedom and opportunity to realize itself. Dreams start with a thought that has the power to make us, mould us and define us. Each child too is blessed with the infinite potential to think and choose who he wants to be. The question is are we ready?

Seth M. R. Jaipuria School brings a world of opportunities to inspire your child and facilitate his every little dream to find its fulfillment.

Come with us to celebrate the power of the mind.

# THINK. BECOME.

Seth M. R. Jaipuria School derives strength and purpose from its roots in educational excellence.

The School was established in the memory of Padma Bhushan Late Seth Mungturam Jaipuria – a great nationalist and doyen of the Textile Industry.

Founded with a vision of a new world in which relationships are governed by the spirit of universal fraternity.

Guided by a galaxy of eminent leaders drawn from the fields of education, science & technology and industry.

# excellence INS

Time and again Jaipuria Schools have proved to be the realm of high quality education. The determined and assiduous efforts of Jaipuria Group, along with its associates and partners are an accolade in itself. Our endeavour has now got us to celebrate and felicitate excellence, reputation and exemplary work we carry out in the Education Sector. In our very own and spectacular style we have carved a niche and one such testimony of it is the award we received at Indian education congress as the best school chain of India. We are proud of this and many other such accolades.

# INSPIRING GENERATIONS IN ORAI

Between Jhansi and Kanpur, spreads the city of Orai, a sub-district of the Jalaun district in the state of Uttar Pradesh in India. Unknown to many, Orai has been named after a saint (Rishi) Uddalak because he worshipped there and has historical value because of its location, which is between Jhansi, Mahoba and Kalpi. Orai is the land of saints and martyrs as the freedom struggle that rose from Bundelkhand during the 18<sup>th</sup> century was centered around Orai-Jhansi.

The city of Orai has an enormous intellectual potential that is lying unattended, unrealized and undiscovered. The soil that has begot soldiers and saints at the same time, is believed to have preserved the DNA of both, the valiant, and the wise. On top of that, in the world where boundaries are narrowing and education that is global in nature is the need of the hour, it was sincerely realised that a progressive education institution in Orai could bring the city uncountable laurels and also could project Orai on the world map as a breeding ground of future scientists, visionaries, artists, soldiers, and what not!

Education forms the foundation of any society. It is responsible for the economic, social, and political growth and development of society in general. The thread of the growth of society depends upon the quality of education that is being imparted. So, schools play an important role in molding a nation's future by facilitating all round development of its future citizens. In our quest of ensuring that every deserving child of the country gets an easy access to high quality-education, Seth M. R. Jaipuria School, Orai is all set to establish the foundation of progressive schooling in Orai.

Next only to Kanpur in terms of industrial output in the region, Orai is a connector of India's past to the industrial times. With the coming in of a high quality school, there would be further development and growth, and Jaipuria will sound the bugle for the city's progress!

# ABOUT SETH M. R. JAIPURIA SCHOOL, ORAI

An academic institute should stand for dreams, building of character & skills, and defining a person's life. At Jaipuria, we understand that the years that a student spends with us would 'shape or break' that individual, so there is great power and greater responsibility in the hands of the school. The purpose of Seth M. R. Jaipuria School, Orai is to prepare a new generation of responsible social leaders that will help the world at large, be proactive to meet the global challenges of the 21st century and surpass beyond the realms of the ordinary. The entire value system of the school is driven around innovation, creativity and entrepreneurship. The underlying context is always that there should be the desire for excellence, zeal to go beyond the regular, and provide for growth and development of individuals and societies in the coming future. We welcome you to experience this magnificence in city, Orai!

## MESSAGE FROM THE MANAGING DIRECTOR

“Success will never lower its standards to accommodate us. We have to raise our standards to achieve it.”

Welcome to Seth M. R. Jaipuria School, Orai!

The requirements of education have changed considerably over the period of time, more-so over the last decade. The traditional teacher-led-class room & laboratory-centered learning is no more sufficient to cope with the fast paced changes prevailing across the world. Education systems need to be flexible enough to impart student-centric learning where focus should be on moulding the young & impressionable minds for adding value to the future. Education at school level must necessarily and spontaneously lead to character development and development of the children to the optimum.

We are very happy to bring to you the finest edu-venture of India to your city, in the name of Seth M. R. Jaipuria School, Orai. Besides the qualitative education and activities, Jaipuria brings with it opportunities for holistic development of children, including growth of the mind along with the soul. The school at Orai, shall function on the broad principles that will guide students towards success. Most importantly, the values, aims and principles that are rooted in the Jaipuria philosophy that focuses on the awakening of the academic, curricular and spiritual side of student, are well catered to at the school. The Jaipuria curriculum is innovative - based on knowledge and skill, underpinned by research and with a focus on values. To ensure consistency of standards, there is regular training of teachers in exam design, marking schemes and assessment procedures. Amongst our strengths is a policy of consistent and high quality in-service teacher education. Teacher training is therefore amongst the greatest assets of our schools. Our academic, administrative, financial and other policies have been designed to contribute to achieving the highest standards.

The atmosphere at Seth M. R. Jaipuria Schools encourages learners to be leaders of tomorrow, to strive for group greatness and not merely individual excellence. With the innovative pedagogy of the school and the dedication to build children for greatness, I am confident that our School will create Innovative Learners, who can excel beyond the constraints of text-books and classrooms and bring glory to this great nation. We are confident that with such a strong base of learning and their eyes set on the future, our students will successfully chart new paths and architect their own journeys. Power to them!

Jaipuria provides the kind of education that all discerning parents want for their children in schools that are efficient, well organized and, most importantly, respect the dignity and well-being of the child, the teacher and, indeed, that of the whole school community. We hope your child shall have a wonderful learning experience at Jaipuria. We welcome your child for a phenomenal year ahead in Jaipuria School at Orai!

## MESSAGE FROM THE SCHOOL SECRETARY

# ENCOURAGING OVERALL DEVELOPMENT

Welcome to Seth M. R. Jaipuria School, Orai!

Jaipuria is led by doyens of exceptional visionaries who have always remained concerned about developing next generation thought leaders. The commitment of the House of Jaipuria to provide superior quality education has only deepened and grown over the last seven decades, developing leaders who have proved their mettle in all walks of life.

A true leader is a liberated thinker. The process of liberation begins when you start to think for yourself. When you think you learn and you imbibe new thoughts and perspectives. This in turn helps you innovate and think out of the box. When you can think differently, you can make choices and decisions that are unconventional. These unconventional choices and decisions are what will set you apart from the crowd and establish you as a leader rather than the led.

Education is not merely the acquiring of a degree; it is an enduring process that should have an effect on your thoughts and actions, even after you graduate. Your education can become a leadership training exercise only when you are an active participant in the process of opening your mind to knowledge, experiences and ideas.

We are very glad to bring to Orai champion of educational excellence. We present to you Seth M. R. Jaipuria School, Orai, where, we put the student at the heart of the educational process. A student's tenure at Jaipuria will be marked by a number of academic and non academic opportunities, each of which will help the student develop into a successful individual, true leader and above all good human being. From in-class sessions to field trips, from experiential learning to festivals and events, every day at Jaipuria is a day our students learn and develop.

A world of learning and a plethora of experiences await you within our school. Welcome to Seth M. R. Jaipuria School, Orai! Welcome to your future.

**Mr. Aashiq Hussain**  
(Secretary)  
Seth M. R. Jaipuria School, Orai

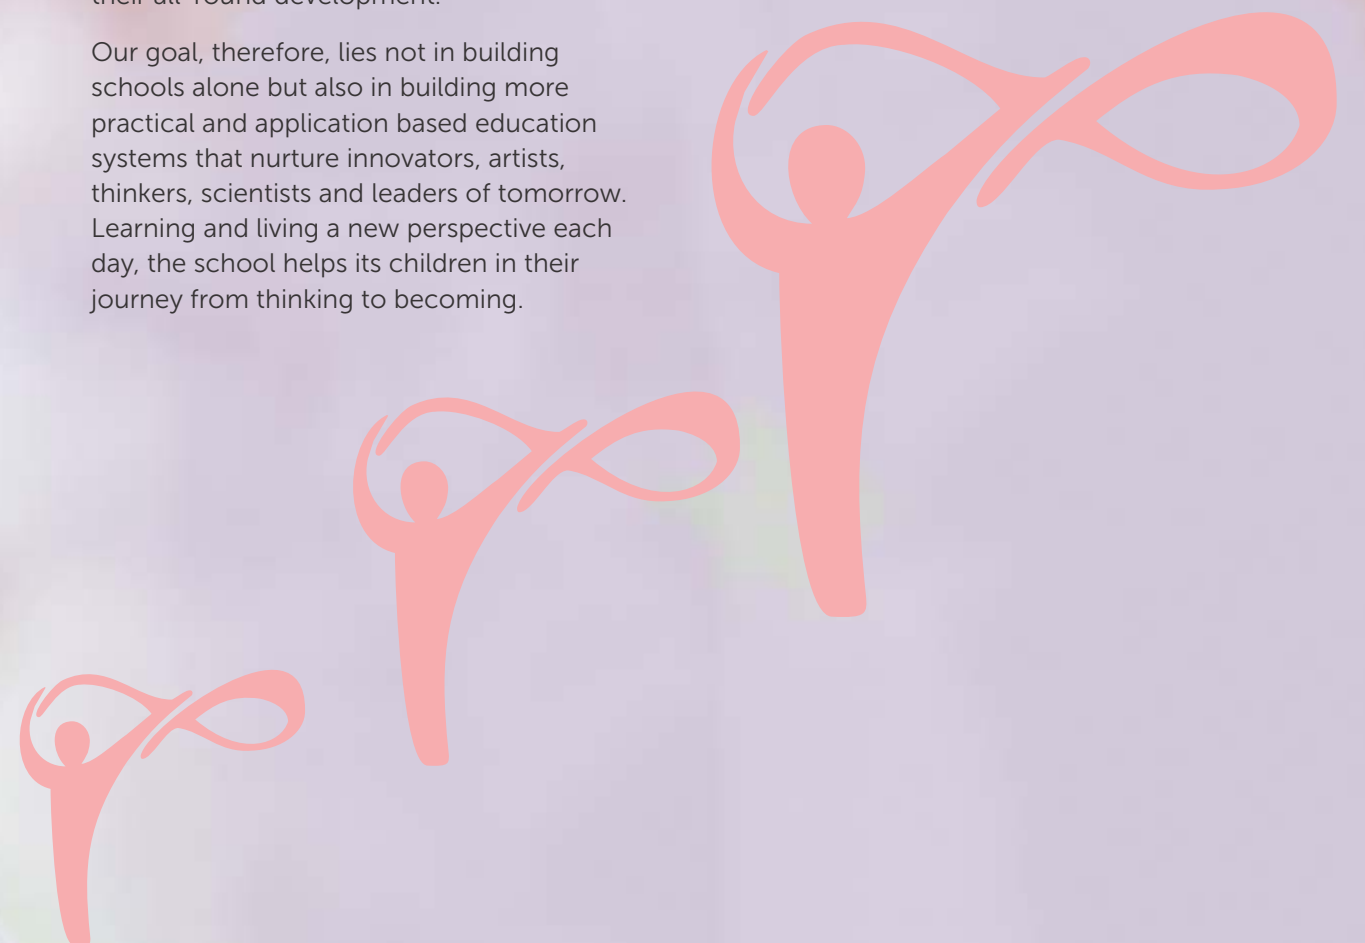

# I THINK. I AM.

Let every little mind be free to go beyond classrooms and textbooks to ask questions, seek answers, explore and experiment new ways of learning.

At our school we believe education must inspire and plant an aspirational belief in impressionable minds in order to facilitate their all-round development.

Our goal, therefore, lies not in building schools alone but also in building more practical and application based education systems that nurture innovators, artists, thinkers, scientists and leaders of tomorrow. Learning and living a new perspective each day, the school helps its children in their journey from thinking to becoming.

At Seth M. R. Jaipuria School, your child benefits from a curriculum that is defined by self - learning. Inquiring, seeking answers, challenging facts and drawing his own inferences, each child finds freedom as well as requisite guidance to chart his unique learning path with joy and ability.

## Curriculum Perspective

In the pre-primary years (Playgroup to 2), a teacher-led approach introduces the child to basic concepts and ideas. From primary years (3 to 5), the child gradually takes centre stage in the learning process with a certain degree of readiness to be accountable for his learning curve. In the middle years class6 to 8), the curriculum fosters an approach where the child is ready to lead and structure his own learning with confidence and ease.

## Learner Centric Curriculum

The Jaipuria curriculum is an amalgamation of best practices from India and abroad and is further adapted to its Indian context. Using content maps for each subject, learning goals for each child and a set of summary sheets and lesson plans for each subject, the curriculum guides the child to realize his true potential. A Summative Assessment at the end of the session systematically tests development and growth achieved in the year gone by. This process helps both the child as a learner and the teacher as a facilitator to further plan learning goals for the year to come.

# THE ART OF SELF LEARNING.

At a Jaipuria School, students get a chance to get involved in a variety of activities and get hands on experience day in and day out. Our students add to life of the school. We understand that few years that a student spends with us would 'shape or break' that individual, so there is great power and greater responsibility in the hands of the School. The emphasis is to make it an interesting, unforgettable experience, where students become a part of the school's community and can involve in a variety of activities, initiatives and celebrations with loads of fun.

# BEYOND ACADEMICS.

## THE LAST SCHOOL

Playgroup, Nursery, KG, class 1 and 2

At the Last School, we carry out the basic function of a 'school' i.e. to teach. The focus is on the development of language skills, both oral and written, mathematics and on the development of motor skills, mind-body co-ordination etc.

## AFTERSCHOOL-1

Demonstration School– class 3, 4 and 5

The focus is on students' learning through a continuous process of demonstrations made by the teachers. Teachers use tools such as Presentations, Field Visits, Trips, Museum Visits, Movie Viewing, Slide Shows, Exhibitions, Dramas, Recitations. Students are introduced to a variety of curricular and non-curricular subjects. A special course of study at this stage is the subject of 'What is learning? How does one learn? What are the methods and tools for learning?'

## AFTERSCHOOL-2

Exploration School– class 6, 7 and 8

The focus is on students learning through Explorations, Experimentations, Project Work and Research. Students are introduced to new and more specialised fields of knowledge within the streams of Science and Social Studies.

## AFTERSCHOOL-3

Assimilation School– class 9 and 10

Facilitators and mentors at this stage are attentive and supportive to each student's individual developmental needs. They also develop a counsellor profile for each student to help them chart their growth path.

## SUPERSCHOOL

class 11 and 12

Having gone through the previous stages, students are now prepared to be introduced to subjects at a higher level. At this stage, students have developed the ability to concentrate and self-learn and it is possible for the teacher to gallop with them. Here, apart from specializing in the subject of their choice, the students also prepare for college and a life of continuous self-development.

# I EXPERIENCE.

# I GROW.

Jaipuria School is an experience children love to have every day. Having mastered the art and science of education, our proven 'No School' methodology has evolved to impart integral education over the last two decades. Dividing 14 years that a child spends in Jaipuria into 5 distinct stages, our innovative pedagogy and scientific approach used by experienced faculty addresses the unique needs of students in their varied developmental stages.

# I AIM. I ACHIEVE.

## School Houses

For each student at Seth M. R. Jaipuria School, distinct houses bring forth a set of attributes and values that the child associates with and nurtures within himself. Distinct however they are, these attributes inculcate the spirit of inquiry, independence of thought and self learning.

### GAME CHANGERS

You can easily spot them. For they always stand out in the crowd. Explorers, innovators, visionaries, problem solvers; they can turn challenges into opportunities and win any game.
